Our progressive vocabulary ladder identifies key vocabulary to be taught from EYFS to year 6. These words are part of a whole host of work aimed at narrowing the vocabulary gap for our children. As a school we aim to expose all children to a broad range of vocabulary and provide them with the skills to

use and apply these. Beyond this, we know that, ultimately, the most powerful method of broadening and deepening the vocabulary of our children is to get them to read a significant amount. Reading for pleasure, talking about reading, and great teaching of reading by every teacher can make a real difference.
