

Year 2 Curriculum Map - Autumn Term 2024 - Olive Class

Thousands	Hundreds	Tens	Units
4	0	7	4
4,000	000	700	400

Maths

We will be learning about place value in numbers up to 100, addition and subtraction of 2-digit numbers and 2D & 3D shapes.

English

In English we will be focusing on sentence structure, key grammar and punctuation (capital letters and full stops) and letter formation.

Religion and World Views (RWV)

In RWV, we will be exploring Islam and the key beliefs. We will look at how faith and belief effect the way Muslim people live their lives. We will also consider how Muslims mark important events in life, such as the birth of a new baby.

Science: Human Survival

This project teaches children about the basic needs of humans for survival, including the importance of exercise, nutrition and good hygiene. They learn how human offspring grow and change over time into adulthood.

History: Movers and Shakers

This project teaches children about historically significant people who have had a major impact on the world. They will learn to use timelines, stories and historical sources to find out about the people featured and use historical models to explore their significance.

PSHE: Relationships

We will be learning about friends and family; being a good friend, who their special people are and acts of kindness.

Computing: Staying Safe Online

The children will learn about how to stay safe online and what to do if they see something that they are worried about.

Music: Pulse, Rhythm and Pitch

This unit of work celebrates a wide range of musical styles. The children will compose, perform and listen to different pieces of music. They will also sing.

P.E.

We will be learning Hockey and Netball skills, as well as Tag Rugby and Gymnastics.

DT: Remarkable Recipes

This project teaches children about sources of food and tools used for food preparation. They also discover why some foods are cooked and learn to read a simple recipe. The children choose and make a new school meal that fulfils specific design criteria.

Art & Design: Still Life

This project teaches children about the work of significant still life artists and still life techniques. They explore a wide variety of still lives and learn about the use of colour and composition. They create still life arrangements and artwork.

Geography: Let's Explore the World

This essential skills and knowledge project teaches children about atlases, maps and cardinal compass points. They learn about the characteristics of the four countries of the United Kingdom and find out why there are hot, temperate and cold places around the world. They also compare England to Somalia. Children carry out fieldwork, collecting primary data in their locality to answer geographical questions.
